

## BENTLEY

### BL1832-Dandy Move Timepiece

**Chic Sexy Reveals in Dial A Perfect Match for Formal Fashion Occasion.**

The beauty of a mechanic watch lies not only in its appearance design but more importantly, lies in the complex mechanism that works in subdued manner, like a graceful swan. BENTLEY Dandy Move Timepiece is designed and crafted meticulously that each detail can be examined and appreciated with magnifier. The skeleton window situated at 9 o'clock is the gem that display the the hard work and effort of a movement. Inside beauty is appreciated in an outside form that put both designs and function to an utmost level.

For those who're into fashion, appearance design is the priority including the perfection of style and details quality. BENTLEY Dandy Move Timepiece excels in elegance style and shines in craftsmanship that any demanding fashionista would surrender to its excellency. Round watch case with delicate double layers of bezel, powerful and slim hands with harmonious proportion display of watch dial, and the most notable part is the intricate grain lines resembling gentlemen suits fabric that brushes through the dial surface. 24 hours window located at 10-11 o'clock and polished in concentric circle plus the carving in orbit order and the surprising decor of slim time all crowns BENTLEY Dandy Move Timepiece a concise item goes perfectly with formal outfits.

9 o'clock positioned a skeleton window that exposes caliber movement and beauty. An intricate mechanism contrasts with a simple dial design generates a visual tension and make an unforgettable impression. There are black, white, blue and brown colors for the dial and comes with bracelet and strap two options. Except skeleton window BL183-25 version, there is also BL1832-15 without skeleton window for choice.
