BENTLEY
BL1808-MINIMALISM

What is time? In the world of Horology, it is divided into small scales through balance wheel, escapement system, and come into our views by hands movements. But in the world of Idealism, time goes by as life itself never ends. Originated from Switzerland and made in Germany, BENTLEY watch has launched its new MINIMALISM collection, which combining the rationality and sensibility, simplifying the complexity, exhibited the elegance of contemporary design with its slimness and comfort

BENTLEY MINIMALISM series captures the “universal design” concept of the Bauhaus, returns to the essence of time display. It features hours/minutes configurations, 39.5mm diameter stainless steel round case, double-ring dial design and classical dauphine hands, which gives a clean silhouette and classical look. It reveals a pure time-reading convenience without index system. Brand name sits at 12 o'clock direction, SAPPHIRE characters sets down at 6 o'clock direction with MADE IN GERMANY characters, specifying the scratchproof, durability and German craftsmanship. All series is produced in thinned design and can be easily slipped into shirt cuffs. This series has various colors, cases and leather belt options. Showing smart business style with MINIMALISM, simply choose the best.
