

BENTLEY

BL1862-URBAN HEARTBEAT

There are many reasons why a gentleman falls in love with mechanical watches. It can be a stylish accessory, or a useful tool of planning. But most of time, we are just born to love exquisite mechanical artworks. Originated from Switzerland and made in Germany, BENTLEY watch has launched its new URBAN HEARTBEAT collection. It features a perspective window set at 9 o'clock, which reveals the heart of the watch. With power reserve function and small seconds window, it shows the refined sharpness of urban taste.

BENTLEY URBAN HEARTBEAT series adopts classical small seconds arrangement, 40mm-diameter stainless steel case, hour/minute hands with a stylish double-cut design. Hours chapter with baton index is surrounded by a railway minute track, small seconds window with center cross offset at 5 o'clock. SAPPHIRE characters specify the scratchproof and durability. Power reserve indication is at 12 o'clock with brand logo. The inner circle of dial is decorated with sunburst finish, the perspective window at 9 o'clock confidently shows the elegant rhythm of escapement, balance wheel and hairspring system, allows you enjoy the beauty of time flow. The caseback is perspective as well, self-winding rotor with Geneva stripes, this automatic movement gives a daily-use convenience. All series have various colors, equipped with five-panel bracelet or leather belt. The urban beat is not only in your heart, but on the wrist.
